● After treatment

Take Control

This is a 3-hour workshop for cancer patients who have finished, or are just about to finish treatment. It focuses on practical and emotional skills, self-management techniques and coping strategies to help you move forward and 'take control' of life after treatment has finished.

HOPE

A course that helps people who have had cancer to move on with life after treatment. It runs for six weeks, 2½ hours a week. The course aims to enable people to cope emotionally, psychologically and practically by focusing on building on their existing strengths.

For dates and details of courses, contact:
