

How to contact us

The best way to contact us is by telephone on:

020 3826 2580

07917 078214

If we are not available, please leave a message on our voicemail and we will return your call as soon as we are able. Please note: this is not an emergency number.

Our normal working hours are:

Monday - Friday 8.00 – 4.00pm

If you are an inpatient, please ask one of the nurses to call us and we will come and see you on the ward.

If you need emergency medical advice at night, weekends or public holidays, please contact the **24 hr Acute Oncology Service** on: **07825 028855**

Please note: When you start your treatment, potential side effects will be explained to you. If you are having chemotherapy and show signs of an infection, ie, serious cough, breathlessness and/or raised temperature, you should call the 24 hr Acute Oncology Service directly.

Getting more support and information

Visit or call the Lynda Jackson Macmillan Centre at Mount Vernon Cancer Centre.

The centre is staffed by healthcare professionals and specially trained volunteers who are able to provide support and information on all aspects of cancer and its treatments.

**Mount Vernon
Cancer Centre**

Northwood, Middlesex HA6 2RN
020 3826 2020

Introducing your Macmillan Clinical Nurse Specialists for Gynaecological Cancers:

**Laura Dash
Cecille Gubatanga**

As you are starting treatment at Mount Vernon Cancer Centre, we would like to introduce ourselves to you and explain how we may be able to help you throughout your time in our care.

Our names are **Laura Dash** and **Cecille Gubatanga**. We are the Clinical Nurse Specialists with responsibility for patients with gynaecological cancers.

Our role is to be a key point of contact for you here at the Cancer Centre. We will be involved in the co-ordination and organisation of your individual treatment programme and work closely with other members of your treatment team.

Starting treatment for cancer can be a confusing and worrying time for you and your family and it is our role to help reduce the stress and anxiety that you may be experiencing.

We will usually try to meet you at one of your first appointments at the Mount Vernon Cancer Centre. If you are staying in the hospital overnight, please ask one of the nurses to contact us and we will try to visit you on the ward.

Some of the ways in which we may help you include:

- Explain your diagnosis
- Explain your test results and treatment options
- Provide you with written information
- Assess and advise you if you are concerned about any side effects of treatment
- Assist you and your family to manage your health at home both during and after your treatment
- Explain current research and information from websites and the media
- Offer support and signpost you to appropriate services, eg, counselling
- Advise you on how to apply for financial welfare benefits
- Liaise with the multi-disciplinary team (MDT) treating you
- Liaise with your GP and/or local hospital as appropriate

Support Groups

Support groups are self-help groups for people affected by cancer to share feelings and gain mutual support.

They offer a range of services, such as meetings, telephone helplines, drop-in centres, home visiting, information and practical help. Some have complementary therapists or provide information about therapies.

You can obtain a list of local groups from the Lynda Jackson Macmillan Centre (see overleaf for details).

We run a support group at Mount Vernon Hospital on the first Wednesday of every month from 10.00am - 12 noon. Please ask us for details.
